EXAMPLE

DIVISION 32 EXTERIOR IMPROVEMENTS

Section 32 11 16: Subbases for Flexible Paving

A. General: This section specifies the base course for use with flexible pavement.

B. Material: Sub-base material shall consist of natural, processed for blends of gravel, stone, sand or screenings and soil or other similar binding or filler material.

C. Execution: The sub-base material shall be placed on the previously prepared sub-grade. The material shall be placed to the thickness and lines and grades shown.
